

# Memo

S t o r a g e S o l v e d<sup>®</sup>

To: To Whom It May Concern

Date: August 29, 2006

Subject: **Recycled Content**

In the manufacturing process for all Spacesaver mobile and shelving products domestic carbon steel is purchased. Both hot rolled and cold rolled carbon steel material are produced at the mills with **80% to 90% scrap or recycled material. This percentage is comprised of approximately:**

- **50% post-consumer material and**
- **50% post-industrial supplements.**

If mill documentation is needed, or if you have further questions please feel free to contact me.
